ED07

PARTNERSHIP PACK

BUILT, NOT GIVEN.

Season 2027 . A media brand that races.

Enrique Dias . 10 years old . Honda Cadet 200 . Hastings, England . Road to Formula 1.

EDO7

YOU ARE NOT SPONSORING A KART.
YOU ARE BUYING VISIBILITY.

EDO7 is a small, growing media channel built around Enrique, a ten-year-old racing karts in the UK on the road to Formula 1. We are a Brazilian family from Joinville, living in England since 2016, building this in public from zero.

The kart pulls the crowd. What you buy is real exposure on our Instagram, in front of families who follow every lap, with YouTube and TikTok launching next. Not a logo buried on a wall. Actual content, with your brand inside a real story.

This is an early-stage channel, and that is the opportunity. Partners who come in now lock a founder rate and grow with us. The brands that back a driver early are the ones the story remembers.

INSTAGRAM

Dedicated reels and stories, product placement, your brand in the daily journey.

YOUTUBE & TIKTOK

Launching next. Mentions, overlays and named moments in videos and lives.

THE REAL THING

Logo on the kart, suit, helmet and website at the higher tiers. Raw footage for your own marketing.

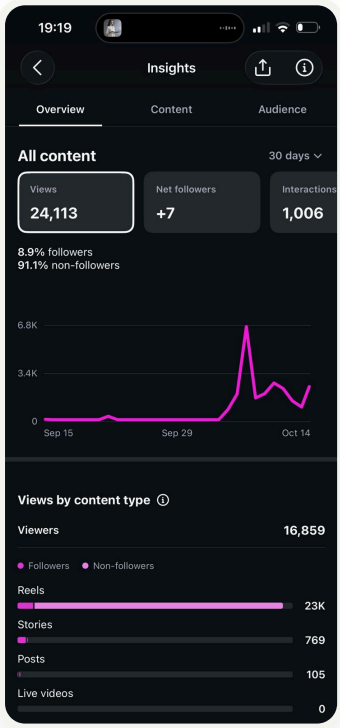

EDO7

THE REACH

SMALL ACCOUNT. SERIOUS REACH.

178 followers, but the content keeps finding new people. This is the last 30 days on Instagram.

16,859	24,113	1,006	91%
PEOPLE REACHED	VIEWS	INTERACTIONS	NEW / NON-FOLLOWERS

Straight from Instagram, last 30 days. Just 178 followers, but **16,859 people reached**, 91% of them brand-new, so the content travels instead of circling the same audience. Enrique's videos also get reposted on the family's own accounts, reaching further still.

EDOT
